

## Playlist Report.

# WNTC SPECIALS

This semester WNTC programming will include more special shows than previously, and some old specials will be moved around. "The Robert W. Morgan Special of the Week" can be heard Tuesday evenings at 7 pm and "Record Report" can be heard every day at 8:20 am and 8 pm. "Midnight Snack" will be moving to midnight on Sundays. A new feature, called the Mini-Concert, can be heard at 10 pm Wednesdays. A different artist will be featured each week.

Turning to the playlist, we find Kenny Rogers at the top. He is a very durable performer, his career having spanned more than twelve years and two changes of direction. Moving up well in the top ten are "The Long Run" and "Better Love Next Time." Also watch for "We Don't Talk Anymore" to make a

big move within three weeks.

Just outside the top ten is the new one from Queen entitled "Crazy Little Thing Called Love", their first hit since "Bicycle Race" early last year. At number 13 is "Sara", Fleetwood Mac's followup to the jungle-like "Tusk". Number 17 finds Styx's followup to the tremendous smash "Babe", which is entitled "Why Me". At 21 is Led Zeppelin's "Fool in the Rain". At 23 is "An American Dream" by the Dirt Band (with Linda Ronstadt on harmony vocals), their first hit since "Mr. Bojangles" in 1971. At 24 is "Romeo's Tune", the first one from Steve Forbert, and Neil Diamond's 30th national hit, "September Morn' ", is at 25.

Debuting this week are Toto with "99", Pink Floyd's "Another Brick in the Wall Part One", and "Flirtin' with Disaster", from Molly Hatchett.
